SLC Ballet Company & Competition Programs

2023-2024

General Overview

Students in Academy 3 and higher who desire more intense training and additional performance and/or competition opportunities are invited to participate in the SLC Ballet Company & Competition Programs. As our Company grows, we anticipate SLC Ballet Company will become a professional company and the first step for many dance careers, providing students with opportunities in the international dance world, including professional choreographers, participation in YAGP and other ballet competitions, continued experience in interdisciplinary dance forms, and many additional performance opportunities. Past performances have included: Vaganova Society (Edmonton, Canada), Wasatch Symphony, WorldDance, YAGP Finals, and many other festivals and venues around Utah.

All students in the Company and Competition Programs will be able to participate in individual consultations to help your dancer achieve their goals.

The Company and Competition Programs include classes designed to further a student's dance education and training. These classes will introduce guest teachers, special workshops, new dance forms and new repertoire. Classes may include Character Dance, Modern, Lyrical, Contemporary and more. Students in SLC Ballet Company will use this repertoire in performances throughout the year.

The SLC Ballet Company Program is a great first step to further competition opportunities. Students in the SLC Ballet Company Program will compete in the Ensemble Category at YAGP, Universal Ballet Competition, and Utah Dance Review.

Students who desire to compete in individual categories will register for the Competition Program and spend time receiving individual coaching in addition to the SLC Ballet Company Program Rehearsals.
